

# SYAMJITH MELON KUNNATH

## MECHANICAL BIM MODELER

[syamjithmelon@gmail.com](mailto:syamjithmelon@gmail.com) | +91 8907316813 | [LinkedIn](#)

### Profile

BIM Modeler with 3.5+ years of progressive experience in MEP projects, skilled in adhering to BIM protocols, performing quality checks, and delivering clash-free, coordinated models upto LOD 350. Proficient in using Revit and Navisworks for multidisciplinary collaboration, clash detection, and model coordination. Experienced in supporting project delivery from design through detailed design stages, including preparation of shop drawings and documentation.

### Skills

- BIM Tools: Autodesk Revit (HVAC, Plumbing, Firefighting), AutoCAD, Navisworks, Autodesk BIM 360
- HVAC Design & Analysis: Carrier HAP, Elite Duct Sizer, McQuay Duct/Pipe Sizer
- Core Competencies: Clash Detection & Resolution, BIM Protocols, QA/QC, LOD 350 Documentation, 3D Coordination, Design-to-Construction Project Support
- Systems Expertise: HVAC, Plumbing/Public Health, Fire Protection

### Work Experience

- **BIM Modeler Mechanical**

**D3S Solutions Pvt Ltd, Kerala | Aug 2024 – Present**

- Develop Revit BIM models for HVAC, Plumbing, and Firefighting systems up to LOD 350.
- Support design through system layout development, routing, and sizing assistance.
- Produce coordinated construction and shop drawings as per BIM standards.
- Create and modify project-specific Revit families.
- Perform clash detection, coordination, and model-based issue resolution.
- Conduct QA/QC checks and support coordination meetings for timely delivery.

**Projects**

- |                                                            |                                          |
|------------------------------------------------------------|------------------------------------------|
| • MRO Hangar, New Benghazi International Airport, Libya    | • One Hotel, Riyadh, KSA                 |
| • Bloom Living – Granada Phases 1 & 2, Zayed City, UAE     | • RIU Palace Hotel, Dubai Islands        |
| • TA’ZIZ Logistics Project, Al Ruwais Industrial City, UAE | • Endress + Hauser Office Fit-Out, UAE   |
| • Fairmont Residences – Solara Tower, Downtown Dubai       | • Youth Orchestra and Choir of Abu Dhabi |

- **Mechanical Design Engineer (MEP)**

**MEDAC Enterprises Pvt Ltd, Kerala | Aug 2022 – Aug 2024**

- Designed HVAC, Plumbing, and Fire Protection systems for residential, commercial, and hospitality projects.
- Performed heat load calculations, equipment selection, and duct/pipe sizing.
- Produced detailed design drawings, layouts, and installation details using AutoCAD and Revit.
- Coordinated with structural and electrical teams to deliver integrated designs.
- Prepared BOQs, technical documentation, and ensured compliance with ASHRAE and local codes.

**Projects**

- |                           |                  |
|---------------------------|------------------|
| • Othaim Hotel, Arar, KSA | • BSF Dabab, KSA |
| • Drahim, KSA             | • Neotek, KSA    |

- **Technical Trainee - Internship**

**John Deere India Pvt Ltd, Pune | Jul 2017 – Jul 2018**

- Supported mechanical engineering tasks during training, including documentation and quality checks.

### Education

- Diploma – Mechanical Systems  
MEDAC MEP Training Academy, Calicut, Kerala | 2022
- B.Tech – Mechanical Engineering  
Government Engineering College, Kottayam (RIT), Kerala | 2018 – 2021
- Polytechnic Diploma – Automobile Engineering  
SSM Polytechnic College, Tirur, Kerala | 2014 – 2017
